ARTIST SPOTLIGHT

Lena Auxier

Lena Auxier is a self-taught artist whose first love was painting with acrylics and oils. After winning numerous awards, including Grand Champion in Indiana, she and her husband, Jim, moved to Prestonsburg 17 years ago. After settling back into the mountains, her focus returned to pencil drawings featuring pets, portraits, and landscapes. Most recently, Lena's first illustrated book,

Where Less the Path is Worn: First Trek o'er the Appalachians of North America, by Alabama author MJ "Nimblewill Nomad" Eberhart was published. The book is a true story about Nomad's 347 day trek covering over 5,000 miles of the Appaalachian Trail and beyond. The book features 25 original illustrations by Auxier. Lena's work will be featured in a Lexington based gallery starting in March. She wishes to share the art that lies in her heart and hopes others will love it too.
