# ARTIST SPOTLIGHT

*Nicholas Jamerson*

Nicholas Jamerson is a Prestonsburg native. He attended Prestonsburg High School and then went on to study History and play football at the University of Pikeville. In 2010, he joined forces with his childhood friend, Kristofer Bentley, to form the musical group Sundry Best. Nick performs lead vocals and plays guitar. In 2018 he started pursuing solo endeavors and has released several albums including "Floyd County All-Stars" and "The Wild Frontier". Nick is well known for his musical career, but some may not know that he is also a well established artist in other mediums. His current artistic collection is on display at the Mountain Arts Center where he has also recorded several of his albums. Nick's art can also be seen on The Passage Trail here in Prestonsburg at mile marker 5. Jonathan Newsome with Capture Kentucky referred to Nick as "an intricate songwriter, passionate storyteller, gifted poet... a true Kentucky treasure." Prestonsburg is proud to be home to such a talented artist.
