PRESTONSBURG PASSAGE

Rail to Trail Winding Through Nature

Rail to Trail projects have become very popular in recent years and, now, Prestonsburg has its very own, The Prestonsburg Passage. This trail is over 8 miles long and completely paved. It runs from West Prestonsburg to the mining town of David. The easiest place to access the trail is Archer Park in Prestonsburg, which offers ample parking. The Passage accommodates walking, running, biking, and electronic transportation. Remember, when on the trail stay to the right, communicate to others if you are passing (always on the left) and always wear safety equipment. Don't forget to look for the beautifully painted mile markers and make plans to cross under the school bus bridge. If you need to rent a bike, no worries, contact Pro-Fitness at 606-886-8604. Also, check out the City of Prestonsburg Facebook page for dates to take a guided golf cart tour. For more information contact Prestonsburg Tourism at 606-886-1341 or visit the website www.prestonsburgky.org.

ARTIST SPOTLIGHT

Fred Goble "Munroe"

If you have ever attended Billie Jean Osborne's Kentucky Opry then you have been entertained by the one and only "Munroe", also known as Fred Goble. He has been a staple with the Opry since the beginning 31 years ago. He has had many roles over the years including "Tour Manager" and he also helped secure funding to build the Mountain

Arts Center, which opened in 1996. In the show Munroe tells jokes, usually at the expense of his wife "Fairybelle", sings songs and sometimes plays guitar, harmonica, or saw. If you have not seen "Munroe" in action, you have one final chance on June 19th. He will be hanging up his washboard and entering into the world of retirement from the stage. He is truly an icon in Eastern Kentucky and an amazing artist who has delighted locals, tour buses, conventions, and politicians for over three decades. He hopes to leave a lasting legacy as "the crazy old man that always left smiles on the children and kept the older generation laughing". To purchase tickets call the Mountain Arts Center at 606-886-2623 or visit www.macarts.com.
